Assembly Instructions

1. Insert casters (wheels) into base. Apply a significant amount of pressure to ensure casters are seated properly.
2. Insert height adjustment cylinder into base.
3. Slide adjustable footring over height adjustment cylinder and tighten footring knob to secure in place.
4. Slide chrome arm tube on top of height adjustment cylinder until firmly seated.
5. Place the chair seat assembly on top of height adjustment cylinder.
6. Insert chair back assembly into chair seat assembly.
7. Slide ratcheting arm into ratcheting arm tube. Firmly tighten arm tube knob to secure arm in place.
8. Sit on chair to permanently lock cylinder into base and seat.

Operator Instructions

1. Insert cylinder into base
2. Place seat on top of cylinder

Care and Cleaning

- **Step 1** (eye shadow, mascara, grease, black felt tip pen, crayon, chocolate, suntan lotion, hair and body oils*): Remove excess spill with a damp cloth. Clean with a 1:1 mix of Ivory® liquid soap and water. Next, rinse with clean water and dry.
- **Step 2** (red lipstick): Use a straight application of concentrated cleaners such as Formula 409® or Fantastik® spray cleaner. Wipe with a clean cloth, rinse with water, and dry.
- **Step 3** (blood, urine, feces, oil base paint, tar, and asphalt): Use a 1:1 mix of ammonia and water, or a 1:4 mix of bleach and water. Rinse with clean water and dry.
- **Steps 4 & 5** (all other tough stains): Step 4: Use a straight application of naphtha (lighter fluid). Rinse thoroughly with clean water and pat surface dry.
- **Step 5**:
  - Use a 1:1 mix of isopropyl alcohol and water. If the stain persists, use straight alcohol. Rinse thoroughly with clean water and pat dry. Note: For cleaning that requires step 4 or 5, use a soft cotton cloth saturated with the cleaning material and rub the stain in circles 10 times. Pat dry with another soft cotton cloth and check the results.
